

MESSAGE AND REFLECTION OF THE NOVEMBER 25, 2015 MESSAGE, FROM OUR LADY QUEEN OF PEACE.

Father Gustavo Jamut, omv .- 11/25/15

« "Dear children! Today I am calling all of you: pray for my intentions. Peace is in danger, therefore, little children, pray and be carriers of peace and hope in this restless world where Satan is attacking and tempting in every way. Little children, be firm in prayer and courageous in faith. I am with you and intercede before my Son Jesus for all of you. Thank you for having responded to my call."

Being called by God and by His Mother, to pray for Her intentions, is a privilege of which we are not aware... it is a choice of love, in which the agony of Gethsemane repeats itself, when Jesus asks the apostles to accompany Him in prayer. But in this instance, the request for The Queen of Peace, is that by which with our prayer, we allow God and His angels to stop the escalation of violence that is lived in the world, and to stop the violence from reaching a third world war.

God trusts in your prayer, perhaps even more so than what you trust your prayer; God knows of the spiritual power that through Baptism, He has granted you, surely much more than what you know and much more than what you believe in that power. That is why the temptation of Satan has the objective that you do not believe and mistrust the power of your intercessional prayer, so you neglect such prayer and do not put the leavening that makes the dough rise and allows for the miracles to happen.

Just as the Virgin Mary in Fatima prophesied the coming of the second world war, during which many of its devastating effects were mitigated because of the humble, persevering and trusting praying faithful; also today the Virgin in Medjugorje reminds us that if we are strong in prayer and courageous in faith, God can intervene, blocking hatred, egoism and the violence that Satan plants in the hearts of men and women of our times, especially in those powerful and in positions of power.

In some Nations we have witnessed in different times of history past and present, the power of prayer, so as to have what seemed an impossibility, will turn into reality.

However, we run the risk of gradually forgetting....; we risk falling into the temptation of spiritual amnesia, and fall into the confusion of thinking that the miracle was something, that was going to happen as a normal event, and perhaps we were not aware, be it at a

personal level , at a family level, or as a Nation, that we were in the edge of the precipice.

We need to ask the Holy Spirit to awaken each day our dormant memory, so that by activating faith and prayer, God could act in favor of His sons and daughters, freeing us from the wars of the heart, from the wars of hatred amongst the families, hatred in society and between different people.

May The Queen of Peace grant us her maternal blessing, so that by praying in the power of the Holy Spirit, we can each day be messengers of the peace that with Her we all must build. Amen
